

FOR IMMEDIATE RELEASE

## Texas Department of Information Selects AssetPoint for Enterprise Asset Management

---

Greenville, SC – April 28, 2011 – AssetPoint ([www.AssetPoint.com](http://www.AssetPoint.com)), a leading Computerized Maintenance Management Solution (CMMS) and Enterprise Asset Management (EAM) solution provider, announced the Texas Department of Information Resources (DIR) has signed an Information and Communications Technology (ICT) cooperative contract with AssetPoint for its **best-in-class TabWare CMMS/EAM software solution** designed for organizations whose success depends on the maximum performance of their assets.

AssetPoint has been a leader in CMMS/EAM solutions for over 30 years, and its TabWare CMMS/EAM solution is designed by maintenance professionals for maintenance professionals so it's easy to learn, easy to use, and easy to own. Texas organizations now have access to TabWare at a price that's over 50% less than other solutions available on the DIR contract for facility maintenance and asset management software and services. **Public entities from other states** are also welcome to purchase through the Texas DIR contract. [More information is available here.](#)

AssetPoint President and CEO Mike Levine said, "We are extremely pleased to offer organizations in Texas an easy, low cost way to manage their assets and upgrade their facility maintenance operations. We understand the budgetary pressure state agencies currently face, and we have contracted with the DIR to provide Texas organizations the lowest cost CMMS/EAM solution that provides full functionality."

With TabWare, organizations can streamline their maintenance operations to maximize asset performance and control maintenance costs. AssetPoint offers flexible platforms, including on-site for organizations who want TabWare on their own servers; Or in an on-line environment Hosted by AssetPoint for even faster deployment and the elimination of cost related to hardware and IT support. [TabWare is the leading CMMS/EAM solution](#) for companies who want full functionality without the expense other solutions demand. TabWare is proven to maximize asset performance resulting in reduced operating costs and improved management of assets.

### *About AssetPoint:*
