

FOR IMMEDIATE RELEASE

Park 100 Foods, Inc. Selects TabWare Cloud Computing for Plant Maintenance

Greenville, SC – August 10, 2011 – AssetPoint, a leading provider of (EAM) Enterprise Asset Management and (CMMS) Computerized Maintenance Management Software solutions, announced Park 100 Foods, Inc. has selected **TabWare CMMS/EAM software solution** to manage plant maintenance at their Morristown, IN. facility.

Park 100 Foods, Inc. (www.park100foods.com) is a privately held manufacturer of custom, frozen soups, sauces, chili, side dishes, gravies, fruit toppings, dips, entrees and portion breaded meats, founded in 1976 and headquartered in Tipton, Indiana. Park 100 Foods' rapid growth has resulted with three Midwest facilities with over 100,000 square feet of process space. Park 100 Foods is a custom manufacturer that is culinary based and culinary driven. The R&D department is staffed with three nationally recognized culinologists and one food scientist. Together they have a combined total of 40 years of food service experience and 50 years of processing experience. All Park 100 products are custom formulated, and quality drives their mission.

AssetPoint (www.AssetPoint.com) has been a leader in CMMS/EAM solutions for over 30 years, and its TabWare CMMS/EAM solution is designed by maintenance professionals for maintenance professionals. TabWare is easy to learn, easy to use, and easy to own, so companies are able to get up and running in days. AssetPoint offers flexible deployment options, including a cloud computing solution (SaaS) or on-site for companies who want TabWare on their own servers. TabWare is the leading EAM solution for companies who want full functionality without the expense, resources and time other solutions demand. TabWare is proven to maximize asset performance, resulting in reduced operating costs and higher profit margins.

AssetPoint Senior Vice President of Sales and Marketing Paul Crist said, "We are happy to welcome Park 100 Foods, Inc as an AssetPoint customer. It was important to demonstrate our experience in the Food and Beverage industry to Park 100 Foods, and to show how TabWare will help their maintenance operations to become more efficient. Our [cloud computing solution](#) is perfect for growing companies like Park 100, since they will be able to add users and plants as they grow. We look forward to a providing service to Park 100 Foods for many years to come."

Park 100 Foods, Inc Vice President David Alves said, "Our business is growing at a rapid pace, and it's imperative our equipment operate at peak efficiency to ensure we meet the high demand for our products. TabWare will help us ensure our equipment functions at the highest levels possible so we can meet demands and keep our product quality consistent. Moreover, the ability for us to license the product in a subscription-based hosted environment, with capability to expand its use to our other facilities in the future, is an extremely cost-effective solution."
