

Microsoft Dynamics Integrated (EAM) Enterprise Asset Management / (CMMS) Computerized Maintenance Management System Solutions for Manufacturers

Greenville, SC – May 4, 2011 – AssetPoint (www.AssetPoint.com), a leading provider of EAM and CMMS solutions and a Microsoft Gold Certified Partner, now offers its **best-in-class TabWare CMMS/EAM software solution** integrated with Microsoft Dynamics Great Plains, SL, and AX.

AssetPoint has been a leader in CMMS/EAM solutions for over 30 years, and its [TabWare CMMS/EAM solution](#) is designed by maintenance professionals for maintenance professionals so it's easy to learn, easy to use, and easy to own. By deploying a best-in-class EAM solution with seamless, lower cost integration, companies can streamline their maintenance operations to maximize asset performance and control maintenance costs. AssetPoint offers flexible deployment options, including a Cloud Computing solution (SaaS) that enables our customers to go live in days and reduces IT costs.

AssetPoint President and CEO Mike Levine said, "In today's economy, manufacturers need information as quickly as possible to remain agile. Integrating TabWare with the Microsoft Dynamics platform of financial software will enable manufactures to more easily and effectively manage their assets. Now, companies can have more information at their fingertips with an easy-to-use CMMS/EAM solution. TabWare is reasonable for any size organization, as it can be deployed onsite, or in the 'cloud' depending on the needs of the customer."

TabWare was designed for organizations whose success depends on the performance of their assets, and it's the leading [CMMS/EAM solution](#) for companies who want full functionality without the expense other solutions demand. TabWare is proven to maximize asset performance resulting in reduced operating costs and improved management of assets.

About AssetPoint: AssetPoint, makers of TabWare, is the leading provider of CMMS/EAM solutions for organizations whose success depends on the performance of their assets. For over 30 years, AssetPoint has led the market in helping customers control their maintenance costs, optimize spare parts inventory, and improve management, command and control.

Designed by maintenance professionals for maintenance professionals, TabWare is easy to learn, easy to use and proven over time to be the most effective product in the market. That's why tens of thousands of users trust their critical assets to TabWare every day.
